I realize that not everyone is on Facebook, Instagram etc. But EVERYONE has their phones very close at all times! Text messaging is a great way to get your word out regarding events and promotions and sales. Our Rep David Mopsik is definitely a hands on guy!

We can see how this can help other businesses as it has helped us, and because of this we have referred others to our rep David. Sending a message is a very simple task. You can schedule a message to go out weeks or even months in advance! It's a GREAT way to personalize your message and get your word out in an instant. I highly recommend trying it.

Thank you David for introducing us to SenText Solutions.
